*Management's Responsibility for the Statement of Cash Receipts And Expenses*

Our responsibility is to express a conclusion on the accompanying statement based on our review. We conducted our review in accordance with a basis of accounting for review engagements, which require us to comply with relevant ethical requirements.

The practitioner performs procedures, primarily consisting of making inquiries of management and others within the entity, as appropriate, and applying analytical procedures, and evaluates the evidence obtained.

The procedures performed in a review are substantially less in extent than, and vary in nature from, those performed in an audit conducted in accordance with Canadian generally accepted auditing standards. Accordingly, we do not express an audit opinion on the statement.
